

POSITION DESCRIPTION

Senior Urban Designer (Growth Areas)
(POS2709)

Directorate:	Planning and Design	Department:	Infrastructure Planning
Position Grade:	15	Reports to:	Coordinator City Design and Public Domain
Last review:	October 2024	Next review:	October 2026
		Version No.:	1.0

Position purpose:

Working with the Coordinator City Design & Public Domain, the position will work on the delivery of urban design strategies and public domain projects and improvements across the Liverpool LGA, with initial focus in the Liverpool city centre and new release areas. The role will make a significant design contribution to Liverpool's evolution to a high quality and liveable city over the coming decades.

Key accountabilities/responsibilities:

1. Developing a framework of urban design and public domain controls and guidelines and detailed concept designs for streets and urban spaces as urban renewal occurs
2. Developing detailed design concepts and maintaining a role as project sponsor for works implemented by Council's Operations Directorate.
3. Preparation of structure plans, strategies, standards and specifications for design, function and use of the public domain in the Liverpool CBD, town centres and new release areas.
4. Managing special projects, including the development and delivery of quality urban spaces.
5. Review, commentary and guidance in relation to urban design and public domain plans prepared in conjunction with development applications and planning proposals.
6. Landscape, environmental and urban design advice to internal officers and external customers as required.
7. Design oversight and input on reports and recommendations to the Liverpool Local Traffic Committee, ensuring a considered and balanced approach to pedestrian amenity, active transport, traffic management and the design quality of the public domain.
8. Specialist landscape and urban design input into Council's broader capital works and sustainability programmes and to green infrastructure projects to improve the natural and built environment.
9. Conveying design ideas through graphic presentation and drawing / sketch is highly desirable.
10. Ensuring all design activities conform to quality management systems and relevant policies.
11. Preparing presentations, briefings, correspondence and write reports and issues papers as required.
12. Contributing to the preparation of grants submissions, project development and reporting.
13. Convening Council's Design Excellence Panel
14. Providing guidance to junior staff members with the City Design and Public Domain team
15. Carrying out other duties as reasonably required by the Coordinator City Design and Public Domain and/or Manager Infrastructure Planning

POSITION DESCRIPTION

Senior Urban Designer (Growth Areas)
(POS2709)

Decisions made in the position:

- Tasks delegated to the position in accordance with the delegation of authority issued by the CEO
- Decisions in relation to the design merit of a variety of projects and proposals.

Decisions referred:

All other decisions

Key issues/challenges:

- Leading the development and implementation of innovative design outcomes across Council.
- Balancing competing demands of internal and external factors that influence urban design and public domain outcomes, focussed on improved active transport, landscape design and high-quality streets and public places.
- Working collaboratively with other teams in the directorate and across Council to provide specialist design input and advice.
- Achieving organisational acceptance and supporting a culture that embraces innovation, continuous improvement and excellent customer experience.
- Advice, reporting and results that meet agreed requirements and deadlines in the context of rapid city growth.

Key working relationships:

- | | |
|-----------------------------------|--|
| • Manager Infrastructure Planning | • Mayor, Councillors and external stakeholders |
| • Traffic Management staff | • Strategic planning staff |
| • Development Assessment staff | • Coordinator City Design & Public Domain |
